

ADVENTURES of GOD

Bye everyone! Have fun
on your honeymoons!

Huh? Where are you two going?

We're going our separate ways

But you need to
repopulate the Earth!

Eh, we don't feel like doing it anymore. We've been married for so long, and don't know how to make things exciting

Unless

What is it?

Put these on!

Made by Corey & Teo

I just feel so dirty putting on that suit, but it was the only way to motivate the pandas.

It's actually a lot
more common
than you think!

See?

Well, I'll be!

Panda pornography

From Wikipedia: the free encyclopedia

Panda pornography (or **panda porn**) refers generally to images depicting eating pandas intended to promote tourist interest in captive giant pandas under use conditions. The criticism here is general, covers unenthusiastic about money placing their species in danger of extinction.^[1]
